The credit does NOT apply to income earned while one is a tenant living in Mason or to wages earned working in Mason while a non-resident.
- Credit is given for income tax paid to another municipality (city/JEDD/JEDZ), not to exceed 100% of the Mason tax. *This credit does not apply to taxes paid to a school district or county.* See Step-by-Step Instructions and Worksheets A and C for calculation.
- Refunds from another city will also reduce the credit
- All residents who have income from wages or taxable income other than wages (i.e., commissions, tips, rentals, self-employment, partnerships, etc.) must file a City of Mason Income Tax Return Form IR.

- Taxpayers may receive an extension of time in which to file their return of up to six (6) months beyond the due date of the return, not to exceed the due date to which the federal income tax return has been extended.
- Taxpayers who have requested a 6-month extension for filing their Federal income tax return shall automatically receive a 6-month extension for the filing of their city tax return. Please attach a copy of the extension to the return when it is filed to avoid late filing penalty.
- If no Federal extension is filed, an extension must be requested by using City of Mason Form ER and must be postmarked by April 18, 2022.
- No verbal extensions will be honored.
- Payment of your tax liability must accompany the Extension Request Form ER or copy of the Federal Extension Request must be submitted by April 18, 2022. An extension of time to file is not an extension of time to pay the tax due.

(J) OPERATING LOSSES AND LOSS CARRY FORWARDS

- For individuals, ALL TAXABLE INCOME earned other than wage income, including income or loss from self-employment, partnerships, S corporations, rentals and any other activity, must be netted together with the income or loss from these (same) activities to arrive at an overall net profit or loss for the current year.

- The portion of net operating loss sustained in any taxable year, allocable to the City of Mason, may be applied against the portion of the profit of succeeding tax years, allocable to the City of Mason, until exhausted, but in no event for more than the five (5) taxable years immediately following the year in which the loss occurred. Please note, per state law:
 1. Up to 100% of losses remaining from tax year 2016 may be used.
 2. The deduction of losses from tax years 2017-2020 is limited to **the lesser of (A) 50% of the unused 2017-2020 losses or (B) 50% of the net 'other income' remaining after any applicable 2016 loss has been deducted.**

(L) DECLARATION OF ESTIMATED TAXES

- Taxpayers who do not have City of Mason taxes withheld by their employers are encouraged to file a declaration of estimated income for the upcoming year.
- Regardless of the Declaration amount, penalties and interest will be applied to your account in accordance with Section 182.10 of the Mason Income Tax Ordinance if you do not have at least ninety percent (90%) of your actual 2022 tax liability remitted by January 15, 2023. See the Declaration of Estimated Tax section of Form IR for details on how to calculate your estimate.

(M) PENALTIES

- Late filing penalty will be imposed for failure to timely file a return (regardless of liability shown) at the rate of \$25.00 per month or fraction thereof, not to exceed \$150.00.
- Penalty for late payment will be imposed on all tax remaining unpaid after becoming due. (90% of one's 2021 tax liability is due by January 15, 2022. Any remaining tax balance is due by April 18, 2022 – even if a *filing* extension is granted.) The penalty rate is 15% of the amount not timely paid.

(N) INTEREST

Interest will be imposed on all tax remaining unpaid after becoming due. The rate is adjusted annually based on the federal short-term rate, plus 5%. The rate may be verified on our website or by contacting our office. For calendar year 2022, the rate is 0.42% per month.

(O) HOW TO AVOID PENALTIES AND INTEREST

Late Filing Penalty

- Make sure your return is postmarked by April 18, 2022 (or by October 15, 2022 if an extension has been accepted as outlined in paragraph I above).

Underpayment Penalty and Interest

- To avoid an underpayment penalty, pay at least 90% of your actual 2021 tax liability (or amount equal to 100% of your 2020 tax liability) by January 15, 2022. "Tax liability" is the amount of tax due to the City of Mason after the deduction of the resident homeowner credit, credit for taxes paid to another city, taxes withheld for Mason, and any prior year carryover.

AND

- Pay any remaining 2021 tax balance by April 18, 2022 (even if a *filing* extension has been granted).

Paying Your Estimated Taxes For 2022

Your taxes can be paid to the City of Mason by:

- Asking your employer to make a courtesy withholding of Mason taxes from your wages, or
- Making electronic payments by using the online tax tool at www.imagemason.org, or
- Making quarterly payments to the City of Mason. Blank vouchers are available on our website. Please ensure that you meet the 90% requirement by January 15, 2023.
- Note: The City of Mason accepts VISA and Mastercard for credit or debit payments by phone during office hours at 513-229-8535.

Tips:

- Underpayment penalty is based on your actual tax due, not your tax estimate.
- Call the Tax Office during the year for assistance if your residency, employment or income drastically changes from the estimate used for your declaration.
- Estimate your taxes as closely as possible.
- If the Declaration is less than \$200 (and accurate), no quarterly payments are required.
