I pulled into the left lane ^(in front of) at the State Farm insurance company office building. ^(where the Subway parking lot starts) A black sedan pulled out from the Subway parking lot, turning left into oncoming traffic, right in front of me. I braked as hard as I could to avoid hitting her - she ended up hitting the front of my Jeep. She hit the front left bumper of my car with the left side of her vehicle. She got out of her car right away. I checked to see all of my passengers and her passenger were OK (asking her). She said they were fine. All passengers in my vehicle, Yuan Yuan (Fath Oleckniche) and A.J. Prieve were fine. All three of us were wearing seat belts. I was initially going approximately 20 mph. I slowed as fast as I could and was going approximately 15 mph at impact - not certain of exact mph at impact as I hit the brakes so fast. I have mild neck stiffness. NO other injuries.

Q: Was the other vehicle moving or stopped when the impact occurred? moving
