Driving east bound on Western Row rd. in the outside right lane. I noticed the VW bug in the inside lane starting to come over to my outside lane. Her right tire was in my lane so I slowed down to see which lane she would commit to. She appeared to commit to the left inside lane so I tried to pass her, seeing her swerving as we left the previous intersection, I was worried that she was texting or distracted by something. ~~As~~ As she came into my lane I honked to see if she would return to her lane but it was too late. Her back right quarter panel hit my front right quarter panel.

At about 7 am I was driving ~~to~~ on Tylersville Rd. on the curve as it approaches Western Row Rd. I was in the left hand lane. I heard a honk and glanced around but did not see a source. Very quickly I felt an impact on my Right rear which jarred the car forward but not out of the left lane.

I continued to the traffic light at Western Row in the left lane and then pulled over
