I was driving 35mph and went to press on the break when I realized the car in front of me suddenly stopped. I then quickly pressed on the break I felt abs kick in but it was too late the pavement was wet and I slide into the car in front of me. I did have my seatbelt on. The car in front of me had hit the car in front of it. That explains the sudden stop.

I turned ~~off~~ onto Mason-montgomery headed North and accelerated to about 35 (speed limit). I ~~was~~ went to change the radio station but didn't realize how close the traffic was; I slammed on my brakes immediately but my ~~car~~^{tires} skid and my car couldn't stop in time before hitting the white car in front of me. After about 2-5 seconds, there was a large jolt/jerk and we slammed forward as the car behind us hit me.
