<p>Followed Semi, and white car, turning right from Western Row onto Eastbound Tylersville. White car sped ahead past Semi and Semi had moved to left lane and I remained in right lane and back a couple cars lengths. Came around bend approaching Western Row Innovation Way, did not see light or white car because Semi was blocking the view through the turn. Semi continued through intersection and after he did, it exposed Red light @ intersection and white car coming to a quick stop. I braked hard and tried to avoid impact. Hit left (driver's side) of corner of bumper & was ejected from the bike.</p>
